

## **The COP29 special visa regulation.**

The Government of Azerbaijan has introduced the 'COP29 Special Visa', **free of charge**, for participants registered for COP29 via the UNFCCC Online Registration System ([onlinereg.unfccc.int/onlinereg](http://onlinereg.unfccc.int/onlinereg)).

The 'COP29 Special Visa' can be obtained either through the visa link provided in the UNFCCC registration confirmation email sent to registered participants, or through the diplomatic missions and consulates of the Republic of Azerbaijan abroad. If a participant decides to apply for 'COP29 Special Visa' to the diplomatic missions and consulates of the Republic of Azerbaijan abroad, the UNFCCC registration confirmation email will be considered as a main supporting document for the travel.

The 'COP29 Special Visa' allows the holder a single-entry visit and stay in the territory of the Republic of Azerbaijan for up to 30 days.

Should you wish to leave the country and return back to the Republic of Azerbaijan because of participation in the Pre-sessional Meetings/Conference/ UNFCCC meetings, you must re-apply for the 'COP29 Special Visa', using your UNFCCC registration number, which you received your initial visa under.

All foreign participants entering Azerbaijan for COP29 must have a passport valid for at least three months beyond the visa expiration date.

The 'COP29 Special Visa' will be issued within three (3) working days after submitting a complete online application through the official portal, or upon submitting a complete application to the diplomatic missions and consulates of the Republic of Azerbaijan abroad.

The visa expiration date is indicated on the 'COP29 Special Visa.' The visa holder must leave the Republic of Azerbaijan before the visa expiration date.

If you will decide to apply for 'COP29 Special Visa' via the official electronic visa portal, please visit the visa portal through the link, fill out the form, upload the required documents and submit your application for approval. Once approved, you will receive a visa confirmation email with a link to download your 'COP29 Special Visa'.

Currently a visa-free regime exists between the Republic of Azerbaijan and several countries based on bilateral intergovernmental agreements. Participants can find additional information on visa-free regime countries at the following link - [www.mfa.gov.az/en/category/visa/visa-free-countries](http://www.mfa.gov.az/en/category/visa/visa-free-countries). In this case participants can enter

the Republic of Azerbaijan without a visa and do not need to apply for the 'COP29 Special Visa'.

Participants are strongly encouraged to apply for the 'COP29 Special Visa' promptly once their UNFCCC registration is confirmed and travel to the Republic of Azerbaijan with valid visa.

The image shows a laptop displaying the 'Official Electronic Visa Portal' for the Republic of Azerbaijan. The page is titled 'Single entry visa application / Country / Region'. It features a progress bar with four steps: 'Country / Region', 'Arrival date to the country', 'Personal information', and 'Data Control'. The 'Country / Region' step is active, showing a dropdown menu with 'Denmark' selected. Other fields include 'Travel document' (Ordinary Passport), 'Date of Birth' (Day, Month, Year), 'Passport number', 'COP29 Registration code', and 'Date of arrival in country' (13.07.2024). A callout bubble points to the 'Date of arrival in country' field with the text 'Choose date of travel.' Another callout bubble points to the 'COP29 Registration code' field with the text 'Enter your date of birth, passport number and COP29 registration code.' Below the form, there is a 'Verification code' field and a 'Continue' button. The page also includes a 'COMMENTS' section on the right side.
